CHAPTER 6 · WORKSHEET · PROJECT MILESTONE 5

Voice & Narration Worksheet

Audition voices, lock in your settings, fix pronunciations, and polish your narration. Keep this sheet so every video sounds the same.

1 · Audition (same sample script, 2–3 voices)

Voice name	Tool	Fits my topic (1–5)	Clear & natural (1–5)	Notes

2 · My channel voice (record it for consistency)

Voice: _____ **Tool / plan:** _____

Speed: _____ **Stability:** _____ **Style / expressiveness:** _____

3 · Pronunciation fixes

Word, name, or number	How the AI said it	What I typed to fix it

4 · Polish

- ☐ Script rewritten for the ear: short sentences, no tongue-twisting clauses
- ☐ Generated in shorter segments rather than one long block
- ☐ Punctuation adjusted to shape pauses and emphasis
- ☐ Listened back at normal speed, start to finish
- ☐ Background music sits well below the narration

5 · Before you publish

- ☐ My voice tool's plan allows commercial use if this channel will be monetized
- ☐ No one else's voice cloned without permission
- ☐ AI disclosure checked in YouTube Studio if the voice could be mistaken for a real person
- ☐ **Milestone 5 complete:** polished narration track ready. Check it off on your Channel Build Tracker.
